

# Spring Wildflower Weekend

National Park Service

U.S. Department of the Interior

Cumberland Gap National Historical Park

## Schedule of Activities

### Friday, April 19

- 8:00 am to 4:30 pm **Celebration of Spring exhibit open at the park visitor center**
- 7:00 pm **Wildflowers of the Southern Mountains** visitor center  
*A 45 minute presentation focusing on the wildflowers found in the southern Appalachians.*

### Saturday, April 20

- 8:00 am to 5:00 pm **Celebration of Spring exhibit open at the park visitor center**
- 10:00 am **Field Photography workshop** meet at the Wilderness Road campground amphitheater  
*A journey into the woods with local photographer and outdoor enthusiast Harold Jerrell. This easy two hour hike will focus on wildflower identification and useful tips while photographing them. Bring your camera and join in the fun—all levels of photographers are welcome!*
- 11:00 am **Wildflower Adventure for Junior Rangers** meet at the amphitheater  
*An adventure in the woods with a park ranger. Participants will learn about wildflowers and their habitat on this easy, two hour “ramble through the forest!”*
- 2:00 pm **Wildflowers and Waterfalls, a Photographic Journey** visitor center  
*Enjoy the stunning photography of Harold Jerrell as he showcases the exquisite beauty of the region with an emphasis on wildflowers and waterfalls*
- 3:30 pm **Walk Among the Wildflowers** meet at the park visitor center  
*Join park rangers on a moderate 2 mile hike which travels over a ridge and along a creek and focuses on wildflower identification and captivating folklore.*

### Sunday, April 21

- 8:00 am to 4:30 pm **Celebration of Spring exhibit open at the park visitor center**
- 10:00 am **Wildflower Walk** meet at the Wilderness Road campground amphitheater  
*Join photographer and wildflower expert John Graves on this easy two hour walk in the woods which will focus on wildflower identification and their vital role in the forest.*
- 2:00 pm **Wildflower Identification** visitor center  
*Photographer John Graves showcases area wildflowers and provides tips for effective identification in this 30 to 45 minute presentation.*
